

**General Chair**

F. Castanie
ENSEEIH (F)

Technical Program Chairs

P. Duhamel
CNRS/LSS (F)
L. Vandendorpe
UCL (B)

Tutorials

D. Slock
Eurecom (F)
P. Regalia
INT (F)

Special Sessions

J. Zerubia
INRIA (F)
P. Flandrin
ENS Lyon (F)

Plenaries

B. Macq
UCL (B)
J.Y. Tourneret
ENSEEIH (F)

Finance

C. Lambert
CNES (F)

Publications

M. Luise
University of Pisa (I)
N. Thomas
ENSEEIH (F)

Exhibition

D. Roviras
ENSEEIH (F)

Local Arrangements

C. Mailhes
ENSEEIH (F)
M. Chabert
ENSEEIH (F)
J. Guinle
CNES (F)

Student Forum

I. Fijalkow
ETIS (F)
P. Salembier
Technical University of Catalonia (SP)

Publicity

M. Gabbouj
Tampere University of Technology (FI)

American Liaison

J. Moura
Carnegie Mellon University (USA)
P. Moulin
University of Illinois (USA)

European Commission Liaison

P. Van Hove
European Commission

Far East Liaison

A. Cichocki
Riken Brain Science Institute (JAPAN)

Industry Liaison

A. Giros
CNES (F)
E. Belis
ASP (F)
F. Le Chevalier
THALES (F)

May 14-19, 2006

The 31st International Conference on Acoustics, Speech, and Signal Processing (ICASSP) will be held at the Centre des Congrès Pierre Baudis downtown Toulouse (France) May 14-19, 2006. The ICASSP meeting is the world's largest and most comprehensive technical conference focused on signal processing and its applications. The conference will feature world-class speakers, tutorials, exhibits, and over 50 lectures and poster sessions on:

Signal Processing Theory and Methods	Sensor Array and Multichannel Signal Processing
Audio and Electroacoustics	Design and Implementation of Signal Processing Systems
Speech and Spoken Language Processing	Machine Learning for Signal Processing
Industry Technology Track	Signal Processing Education
Multimedia Signal Processing	Image and Multidimensional Signal Processing
Signal Processing for Communication	Bio Imaging and Signal Processing

plus other emerging and specialized areas of interest

Toulouse, the capital of the Midi-Pyrénées region, is situated on the Garonne river, in a plain midway between the Mediterranean sea and the Atlantic ocean. Toulouse is at the heart of a historically rich but relatively little known region, with many castles and walled villages bearing traces of the life of the times, mingling religion and renaissance values. The warm glow of red bricks and tiles gives it its nickname, "la ville rose" the rose red city. Space and aeronautical activities have also found a particularly fruitful ground for development in Toulouse.

Submission of Papers: Prospective authors are invited to submit full-length, four-page papers, including figures and references, to the ICASSP Technical Committee. All ICASSP papers will be handled and reviewed electronically. The ICASSP 2006 website will provide further details. Please note that the submission dates for papers are strict deadlines.

Student Paper Contest: Papers submitted with a student as the first author will be eligible to enter the competition.

Tutorial and Special Session Proposals: Tutorials will be held on May 14 and 15, 2006. Brief proposals should be submitted by September 23, 2005, to dirk.slock@eurecom.fr, and must include title, outline, contact information for the presenter, and a description of the tutorial and material to be distributed to participants. Special session proposals should be submitted by July 8, 2005, to josiane.zerubia@sophia.inria.fr. Tutorial and special session proposers are referred to the ICASSP website for additional information regarding submissions.

Important Deadlines

Special Session Proposals
Notification of Special Session Acceptance
Tutorial Proposals
Notification of Tutorial Acceptance
Submission of Formatted Papers
Notification of Paper Acceptance
Accepted Paper Revision
Author's Registration Deadline
